**COPY MAILED**  
**OCT 27 2006**  
**OFFICE OF PETITIONS**

In re Application of :  
Moskowitz et al. :  
Application No. 09/657,181 : ON PETITION  
Filed: 7 September, 2000 :  
Attorney Docket No. 066112.0132 :

This is in response to the "PETITION TO THE DIRECTOR TO WITHDRAW ABANDONMENT UNDER CF 1.181" filed on 30 December, 2005.

The petition is **DISMISSED**.

The application became abandoned on 16 April, 2005, for failure to timely respond to the Office letter mailed on 15 March, 2005, which set a one (1) month shortened period for reply. Notice of Abandonment was mailed on 5 December, 2005.

Petitioner states that "I am requesting the Commissioner to withdraw the Notice of Abandonment based on the facts that I had provided a substantive response in a timely manner and I had made every effort to comply with the express instructions of the Examiner who attempted to assist me responding to the Office action."

Petitioner's argument has been carefully considered, but is not persuasive.

In this regard, 37 CFR 1.135 states:

- (a) If an applicant of a patent application fails to reply within the time period provided under § 1.134 and § 1.136, the application will become abandoned unless an Office action indicates otherwise.
- (b) Prosecution of an application to save it from abandonment pursuant to paragraph (a) of this section must include such complete and proper reply as the condition of the application may require...

The Office communication mailed on 15 March, 2005, set a one (1) month shortened period for reply. Petitioners, however, failed to

timely respond to the Office action. As such, the application became abandoned for failure to timely respond to the outstanding Office action.

With regard to petitioner's assertion that the examiner stated that no further action was required, there is no showing in the written record to support that allegation. As MPEP 711.03(c) states, a delay caused by an applicant's lack of knowledge or improper application of the patent statute, rules of practice or the MPEP is not rendered "unavoidable" due to: (A) the applicant's reliance upon oral advice from USPTO employees; or (B) the USPTO's failure to advise the applicant of any deficiency in sufficient time to permit the applicant to take corrective action. See In re Sivertz, 227 USPQ 255, 256 (Comm'r Pat. 1985). Additionally, 37 CFR 1.2 states that the action of the Patent and Trademark Office will be based exclusively on the written record in the Office. No attention will be paid to any alleged oral promise, stipulation, or understanding in relation to which there is disagreement or doubt.

Furthermore, the examiner stated in the Notice of Abandonment, the paper filed on 22 November, 2004, was not a proper filing because it was signed by only one inventor. Additionally, although the petition is signed by inventor Scott Moskowitz as President of assignee Blue Spike, Inc., the paper filed on 22 November, 2004, was not signed on behalf of the assignee, and is therefore not a proper filing.<sup>1</sup>

As such, the showing of record is that the abandonment resulted from the failure of petitioners to respond to the Office communication mailed on 15 March, 2005, rather than an error on the part of the USPTO.

As such the application is properly held abandoned.

Petitioner may wish to consider filing a petition to revive the application, accompanied by a proper reply.

Any request for reconsideration must be filed within **TWO MONTHS** of the date of this decision. **This period may not be extended.**<sup>2</sup>

The petition is **DISMISSED**.

---

<sup>1</sup> See MPEP 324(A).

<sup>2</sup> 37 CFR 1.181(f).

Petitioner may wish to consider filing a petition under 37 CFR 1.137(b) to revive the application.
